Please note the master plan is for members living in the United States. The policy will extend to Puerto Rico and Canada, but the suit must be brought back to the United States. This requirement is standard for all insurance companies.

We can assist members living in other countries; however, because each country has its own laws and regulations, we are unable to offer one program that encompasses all members living outside of the United States. We can also assist with Special Events coverage, Personal Lines coverage and any other Commercial Business needs that the members may have.
